THIS COVENANT, Agreement, Warranty and Easement ("Covenant") are made and
given this ___ day of __________, 2019, by Raymond Schwarz and Marvin Schwarz, individual
owners of real property in Larimer County, Colorado (collectively, "Owner"), and accepted by
the Town of Johnstown, a home rule municipal corporation of the State of Colorado ("Town").

RECATALS

WHEREAS, Owner entered into an agreement with John Giuliano, managing member of
J&J Holdings, LLC, a Colorado limited liability company ("Developer"), dated on or about
February 25, 2019, whereby Owner agreed to sell, transfer and assign and Developer agreed to
accept nine (9) share(s) of the Capital Stock of The Consolidated Home Supply Ditch and
Reservoir Company represented by stock certificate number(s) number 6949 ("Water Rights"),
which stock certificate number may change upon Developer's purchase of the Water Rights, in
connection with a development of real property comprised of approximately 307 acres located
generally on the north side of U.S. Highway 34 east of Larimer County Road 3, known as the
Encore on 34 development ("Purchase and Sale Agreement");

WHEREAS, Owner has historically used the Water Rights to irrigate approximately 68
acres of real property located in Larimer County, Colorado, described in Exhibit A, attached
hereto and incorporated herein by reference;

WHEREAS, Owner recognizes, acknowledges and agrees that Developer intends to
dedicate the Water Rights to the Town of Johnstown, a Colorado home-rule municipal
corporation ("Town"), to be used for municipal purposes, including augmentation and exchange
purposes, and in order to effect such uses, the Water Rights will need to be changed permanently
in an appropriate change of water rights proceeding before the District Court, Water Division
No. 1, State of Colorado ("Water Court"), from irrigation to municipal, augmentation and/or
exchange purposes;

WHEREAS, Owner has retained one share of the Capital Stock of The Consolidated
Home Supply Ditch and Reservoir Company and Intends to continue irrigating approximately
ten-percent (10%) of the real property with the reserved water, or approximately 6.8 acres of the
real property, in the location described in Exhibit B, attached hereto and incorporated herein by
reference; and

WHEREAS, for purposes of this Covenant, the term "Property" shall include all the real
property described in Exhibit C, attached hereto and incorporated herein by reference, which
includes the real property described in Exhibit A except for the real property described in Exhibit
B:
WHEREAS, Owner understands and agrees that the Town, in its discretion, may request or the Water Court may require, as a term and condition of such change, that the Property be dried up and not used for irrigation; and

WHEREAS, Owner understands and agrees that, upon dedication of the Water Rights to the Town, the Town shall have the right to rely upon and enforce this Covenant.

AGREEMENT

NOW, THEREFORE, in consideration of the purchase of the Water Rights by Developer, and other good and valuable consideration, the receipt and sufficiency of which Owner acknowledges, Owner hereby covenants, agrees and grants as follows:

1. The Recitals are incorporated as if fully set forth herein.

2. From and after the date hereof, Owner covenants and agrees to permanently discontinue irrigation of the Property with any water diverted pursuant to the Water Rights. For the purposes of this Covenant, irrigation with water diverted pursuant to the Water Rights includes irrigation with wells augmented by the Water Rights. Owner further covenants and agrees that, except in compliance with the provisions of paragraph 5, below, the Property shall not be irrigated by any water tributary to the South Platte River.

3. Owner, at its sole expense, shall take any action necessary to accomplish the full and complete establishment of a self sustaining dry land vegetative ground cover on all of the Property and eliminate any consumptive use of water for irrigation purposes on the Property as may be determined and/or required by a judgment and decree entered in any case involving the change or exchange of any of the Water Rights, or by the State Engineer, State of Colorado, in any approval by his office of a substitute water supply plan entered pursuant to the provisions of Section 37-92-308, Colorado Revised Statutes, as the same may be amended or replaced, during the duration of such plan. Owner further agrees that it will not take any actions that would violate such court order or decree.

4. Upon Developer’s dedication of the Water Rights to the Town, Owner hereby grants to the Town a non-exclusive perpetual easement for the purpose of providing a reasonable means for the Town and its agents, as well as the State Engineer of the State of Colorado and agents thereof, to obtain access to and over the Property as may be necessary to monitor, conduct site inspections, install observation wells or lysimeters, perform soil evaporation and plant transpiration tests, vegetative studies and surveys, and take other reasonable actions to effectuate and enforce this Covenant and to confirm the dry-up and revegetation of the Property as may be required by the State Engineer or by any court or tribunal of competent jurisdiction.

5. Unless otherwise required by any decree changing the Water Rights, or allowing such rights to be exchanged, or by the conditions of any substitute water supply plan as may be approved by the State Engineer, this Covenant shall not prohibit the Owner or Owner’s successors and assigns from irrigating the Property with water rights which may in the future be transferred to such Property and for such use through an appropriate Water Court proceeding,
irrigating the Property with water from a well or wells to be constructed in the future that are authorized to pump pursuant to a Water Court-approved plan for augmentation, irrigating the Property with water that is not tributary to the South Platte River, to include not-nontributary water that is duly augmented, or irrigating the Property with treated water supplied by a municipality or a water district.

6. In the event that Owner, or Owner’s successors or assigns, defaults in its obligations to dry up and revegetate the Property as required by this Covenant, the easement described herein also shall entitle the Town, at Owner, or Owner’s successors or assigns, to take all actions necessary to accomplish the dry-up and revegetation of the Property, including, but not limited to, the construction of drainage and conveyance ditches, monumenting dried up acreage, revegetating with drought resistance plants, and removing and filling in of all or portions of irrigation ditches or farm laterals. Owner, and Owner’s successors or assigns, shall be jointly and severally responsible for all direct and indirect costs incurred by Town to cure Owner’s default.

7. The Property shall not be planted with, nor have upon it, any alfalfa or similar deep rooted crop, and any alfalfa or similar deep rooted crop presently existing, or which may exist in the future, shall be eradicated by Owner by deep tilling, chemical treatment or other means, unless otherwise allowed by the Town in a signed writing.

8. This Covenant shall burden, attach to and run with the Property, and shall be binding not only upon the Owner, but also upon Owner’s heirs, successors and assigns and any other persons or entities which may acquire an ownership or leasehold interest in all or any portion of the Property. This Covenant shall also run with and benefit the Water Rights. The terms and provisions of this Covenant shall not expire and shall be perpetual unless specifically released in writing by the Town. This Covenant may be enforced by the Town or by any party having any right, title or interest in the Water Rights or by the State Engineer of the State of Colorado, at any time in any action at law or in equity.

9. Owner further warrants and represents that this Covenant shall entitle the Town to the first and prior right to claim credit for the dry-up or nonirrigation of the Property. Owner shall reasonably cooperate with the Town to demonstrate the dry up and revegetation of the Property. Owner agrees to provide the Town with all assistance the Town may reasonably require in regard to the above-referenced change of the Water Rights, including but not limited to providing affidavits and testimony before the Water Court, at no cost to the Town.

10. Notwithstanding the provisions of this Covenant, prior to establishing dry up of the Property as set forth herein, the Town may, in its discretion, enter into a written lease agreement with the Owner for irrigation of the Property for a limited duration. During the term of said lease agreement, the requirements of paragraphs 2-7, above, shall be suspended. The lease agreement shall not be valid, under any circumstances, once the Water Rights are used for municipal, augmentation and/or exchange purposes by the Town.
11. This Covenant may be enforced by the Town or by any party having any right, title or interest in the Water Rights or by the State Engineer of the State of Colorado, at any time in any action at law or in equity.

12. This Covenant shall be recorded in the real property records in the office of the Larimer County Clerk and Recorder.

AGENDA ITEM 7

TOWN MANAGER REPORT
TO: Honorable Mayor and Town Council Members
FROM: Matt LeCerf, Town Manager
DATE: June 17, 2019
CC: Town Staff
Local Media
SUBJECT: Departmental Report

Upcoming Town Council Work Sessions – If there are topics that the Council would like staff to schedule for discussion, please let me know. The following topics are recommended for Council discussion (all meetings will be held in the Town Council Chambers unless otherwise indicated):

- 06/17/2019 – Regular Town Council Meeting
- 06/24/2019 – Work Session (none planned)
- 07/01/2019 – Regular Town Council Meeting
- 07/08/2019 – Work Session (Sewer)

Police Department Training:

- Patrol Rifle Training – Officers Dudley, Zoss, Grounds, Olds, and Cygan participated in our inhouse patrol rifle certification class. The class was instructed by Officer Blackburn and Sergeant Dickerson.
- Lidar Training – Officers Perry and Balltrip attended Lidar Instructor School. Both Officers will now be able to instruct officers on how to properly utilize and operate our Lidar (Light Detection and Ranging) speed measurement device.
- Mass Casualty Drill – Officer Piper attended a multi-jurisdictional mass casualty drill and the Budweiser Event Center. Over 30 agencies were represented at this exercise. The exercise consisted a mass casualty scenario involving a vehicle running into a crowd of people. The vehicle also had an VBIED attached to it which was the second part of the scenario. While the scenario at the Budweiser Event Center was happening, a second event started in Fort Collins, simulating multiple attacks at different positions in the Northern Colorado Area. The first responders didn’t know what was going to happen when they got there. Actors were involved and moulage was utilized to make the scenarios as realistic as possible.

The Community That Cares
• **Crisis response training** – Sergeant Brown attended, Response to Suicidal Subjects hosted by Greeley PD.

• **Less Lethal Training** – JPD had its annual full department inspection and recertified on less lethal (bean bag) shotgun.

• **FBI National Academy** – Commander Sanchez earned his yellow brick by completing the 6.1 mile Yellow Brick Road obstacle course. He finished 9th out of 267 people. He also graduated the FBNI on Friday and was able to bring his family out for the ceremony.

**Community Policing, Outreach & Miscellaneous Items:**

• **BBQ Days** – All of JPD was on duty for the annual BBQ Days celebration. The parade, BBQ, and Fireworks went smooth and there was a good community turnout to the event as usual.

**Administration, Finance, & Planning**

• **Water Court Matters** – The Town Manager met with our Water Attorney and Water Engineers regarding our pending court case. There is still a substantial amount of data to collect for the engineers report. Initially it was believed that the matter may be filed in July, but based on the data yet to be collected we believe it will probably end up being in August.

• **Senior Center Program** – The Town Manager met with our active Seniors at the Senior Center to provide an update of activities around Town and to answer questions residents may have about other issues. This is completed quarterly.

• **Larimer County Manager’s Meeting** – The Town Manager met the other managers in Larimer County to discuss the pending consideration of the Regional Transportation Tax ballot for November 2019. If approved, funding has been planned at approximately $3.5 million for the bridge on LCR 3.

• **2020 Budget** – A budget meeting was held with the Department Heads on June 4th to review and discuss the budget process and worksheets. The worksheets were subsequently disbursed on June 7th.

• **2018 Audit** – Work continues with the auditors to complete the 2018 audit. A draft is currently in process.

• **GIS Services** – The Town received two submittals for GIS Services for the development of our base layer data. Staff is currently working on a small vendor agreement with InvisonGIS. When the information is completed, staff will bring to Council maps and a short presentation on the datasets we have completed. Having base layer data is critical to developing other datasets in the future that will include, but are not limited to water, wastewater, and stormwater.

• **Staffing** – Both the Planning and Public Works Positions have been posted on the Town’s website and other locations to fill 2 of the 3 positions discussed at the recent Council retreat.

**Public Works Department**

**Streets, Stormwater, & Parks**

• **Parks** – Parks are the big focus right now. Approximately 80 acres of parks are maintained weekly.
• **Johnstown Lake** – Water is being delivered to the Johnstown Lake from the Home Supply Lateral we feed it from. Surveyors are scheduled to map the bottom of the lake surface on June 19th. As you may recall this project was delayed due to the lake level being too low. We met with ditch commissioner Jean Lever and dam inspector John Batka a couple weeks ago. Installation of a level staff and telemetry was requested for proper documentation of flows and use. We are currently getting quotes for these items.

• **Open Space** – Crews have started open space mowing maintenance.

• **Senior Center** – A hole in the wall and broken window were repaired at senior center. These damages were due to vandalism that occurred during an event held in the community room. The individual was arrested and will be paying restitution.

• **Road Maintenance** – Approximately 3.5 miles of gravel roadways were graded and 600 lbs. of asphalt cold patch was used around Town to fill potholes.

• **Signs** – Stop signs were installed on Brunner by the greenbelt area. We were receiving a number of complaints about speeders and racing along this stretch of roadway. After discussion with Chief Phillips, it was agreed that placing stop signs would be a good option to try and control speed volumes.

• **Buildings** – Decorative mulch was place in planters at Town Hall, Police Station and Library.

• **New Employee.** The Public Works staff has a new employee. We would like to welcome Hunter Phillips to the Town.

**Water & Wastewater**

• **Cemetery** – Crews have the cemetery looking great. We had two funerals recently and staff made sure things were done properly.

• **North Tank** – The solenoid valve was installed in the vault for the north tank. We are currently waiting on a new electrical service to be installed for the valve in order to have telemetry available to operate the valve for filling the tank. We are expecting completion of this project around the end of June or early July for completion.

• **Water plant** – Staneck is close to completion of the saturator project. Final electrical work for the Variable Frequency Drives (VFD) is being installed. SCADA work is ongoing for better monitoring and operations and the new turbidimeter was installed and connected to the SCADA system. This work was part of the budget amendment that was requested in March for CDPHE compliance.

• **Wastewater plant** – Temperature sensors were installed on the effluent line at both plants. This is a required reading by the state to monitor what our effluent temperature of treated wastewater that goes back into the state waters. This work was part of the budget amendment that was requested.

• **Staff** – We are currently interviewing for a new plant operator to fill a currently vacant position.

AGENDA DATE:  June 17, 2019

ITEM NUMBER:  10A

ACTION PROPOSED:  Approve Ordinance No. 2019-162 on first reading

PRESENTED BY:  Town Attorney

AGENDA ITEM DESCRIPTION:  In 2013, the Colorado General Assembly raised the maximum amount a municipal court is entitled to fine from $1,000 to $2,650, subject to inflationary adjustments.  By Ordinance No. 2015-138, the Town modified Section 2-74 of the Johnstown Municipal Code (“Code”), “Fines imposed by Municipal Court,” to be consistent with the increased fine permitted by state law.  The Town did not modify Article IV of Chapter 1 of the Code, the General Penalty provisions of the Code, to be consistent with state law and those provisions continue to provide that the maximum penalty is $1,000.  Other Sections in the Code also provide for a maximum fine of $1,000.  See, e.g., Section 8-26, relating to certain traffic offenses, Section 16-370 related to sign code violations, and Section 17-206, relating to oil and gas facilities.

On or about March 28, 2019, the Colorado General Assembly adopted House Bill 19-1148, changing the maximum jail sentence for municipal ordinance violations from one year to three hundred sixty-four (364) days.  Neither Section 1-62 nor Section 2-74 provide for imprisonment as a potential penalty for the violation of municipal ordinances, but other sections of the Code do provide for imprisonment.  See, e.g., Section 8-26, relating to certain traffic offenses, Section 8-81, relating to the failure to have compulsory insurance, and Section 17-264, relating to flood administration.

To provide uniformity in the penalty provisions of the Code and to be consistent with state law, the Town Council may consider adoption of Ordinance No. 2019-162, which allows the Town to seek the maximum fine provided by state law and omits the possibility of incarceration for municipal ordinance violations.  The Ordinance does not change the minimum fines set forth in various sections of the Code.

LEGAL ADVICE:  Ordinance No. 2019-162 was prepared by the Town Attorney.

FINANCIAL ADVICE:  N/A.

RECOMMENDED ACTION:  Approve Ordinance No. 2019-162 on first reading.

SUGGESTED MOTION:

For Denial:  I move to deny approval of Ordinance No. 2019-162.
